

**REMARKS**

The claims have been amended only as agreed upon at the telephonic interviews. The definition of W in claim 24 has been changed to exclude a methyl group. It was agreed at the interview that this amendment would place claim 24 in a position for allowance; therefore claim 27, dependent thereon should also be allowable.

As claims 15-20 which were withdrawn from consideration are drawn to a method to use the compositions of the allowed claims, these may be rejoined.

Thus, applicants express their profound appreciation to Examiner Willis for his consideration in this case and respectfully request that claims 10-12 and 14-30 be passed to issue.

Should other small issues arise that could be settled over the phone, a telephone call to the undersigned is respectfully requested.

In the unlikely event that the transmittal letter is separated from this document and the Patent Office determines that an extension and/or other relief is required, applicants petition for any required relief including extensions of time and authorize the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to **Deposit Account No. 03-1952** referencing docket No. 415852000200.
